Acknowledgement

This project consumed huge amount of work, research and dedication. Still, implementation would not have been possible if we did not have a support of many individuals and organizations. Therefore we would like to extend our sincere gratitude to all of them.

First of all we are thankful to Horizon Foundation for their financial support in form of the grant titled “Community Health Resource Line to Support Asian American Residents in Howard County”, specifically to develop a physician resource guide/directory.

We are also grateful to Howard County Chinese School Board of Directors and the Administration for their organizational and executive support in provision of with various resources. We thank Chinese American Doctor Association (CADA) who provided insight and expertise that greatly assisted the research. We also thank Asian American Health Center (AAHC) for their great assistance.

We would like to express our sincere thanks towards volunteer researchers who devoted their time and knowledge in the implementation of this project.

Nevertheless, we express our gratitude toward our families and colleagues for their kind co-operation and encouragement which help us in completion of this project.

The project team consists of the following individuals:

Executive group:

Yang Yu	Principal Investigator
Guowei Zhang	Principal Investigator
Nan Luo	Project manager/programmer
Linda Hua	Budget Manager

Advisory Committee:

Alvin Zhang, MD (Chair)
Lei Zheng
Mei Tang
Mei Du

Howard County Chinese School
Team of the Directory of Chinese Doctors Project

Doctors included in the Directory speak both English and Chinese (Mandarin or Cantonese)

本书收录的所有医生均使用英语和中文（普通话或广东话）

哈维中文学校

Howard County Chinese School

Howard County Chinese School (HCCS) was established in December 1998 as a nonprofit, non-political, non-religious Chinese language school. It is currently located at the Howard Community College in Columbia, Maryland and has over 1000 registered students. HCCS is a member of the Chinese School Association of the United States (CSAUS). Its mission is to encourage overseas Chinese language study, bring Chinese culture awareness, and provide a cultural and social platform for local community. In the past 15 years, with the great effort from Howard Country Chinese and local community, the HCCS has made significant progress in class scale, class variety, faculty quality and as well as the school management. The HCCS management team appreciates all of the generous supports from the entire community in 2015 and would like to take this opportunity to wish everyone a prosperous 2016.

地平线基金会

Horizon Foundation

The Horizon Foundation is an independent philanthropy dedicated to improving the health and wellness of people living or working in Howard County, Maryland.

Since 1998, Horizon has invested more than \$35 million in community programs, including grants to nearly 200 organizations serving the county, from after-school programs to faith-based organizations to health care providers. The organization also spearheaded numerous successful projects, including bringing a federally qualified health center to the county and developing a nationally recognized community emergency response plan.

Horizon collaborates with diverse partners to identify pressing, unmet health and wellness needs in the community and to create catalytic change that is tangible, measurable and sustainable. The organization cares passionately about the community and strives to bring innovative solutions from around the region, country and world to improving health and wellness locally. Its vision is for all people in Howard County to live long, healthy lives.

美国华人医生联合会

Chinese American Doctors Association

Chinese American Doctors Association (CADA) is a non-profit organization of licensed Chinese American physicians with a shared commitment:

- 1) To facilitate physician education and professional development among its members through its activities.
- 2) To promote and strengthen the mutual understanding and collaboration among its members and with other medical professionals and health organizations.
- 3) To promote health care in communities they serve and provide opportunities for physicians to participate in the governance and decision-making of health care policies that affect the communities that they serve.
- 4) To facilitates the exchange and interaction of medical professionals between US and China.
